Summary

A passionate Frontend Developer with strong expertise in React.js, TypeScript, and modern UI/UX development. Currently pursuing a B.Tech in Computer Science, I have hands-on experience in building responsive, user-centric web and mobile applications, with a solid understanding of full-stack principles.

Technical Skills

Languages: C/C++, Python, JavaScript, Typescript, Java, Dart
Frontend: HTML, CSS, Tailwind CSS, Bootstrap, React Native, React.js, Flutter.
Backend: Node.js, Express.js, REST APIs.
Database: MongoDB.
Designing: Figma.
Tools: VS Code, Android Studio, Git, Azure, GitHub, Postman, GitHub Actions.
Concepts: DBMS, DAA, DSA, OOP, SDLC.

Experience

Frequer <i>Web Development Intern</i>	Jun 2025 – Aug 2025 Jhansi, UP
- Built and maintained web applications using React.js and Node.js. - Collaborated with senior developers on full-stack features and bug fixes. - Gained hands-on experience with MongoDB, REST APIs, Postman, and version control (Git/GitHub).	

Projects

My Portfolio | *HTML, CSS, Javascript, Typescript*

- Developed a responsive portfolio website using HTML, CSS, JavaScript, and TypeScript, optimized for fast loading and mobile devices.

Reusebook App | *Flutter, Figma, Node.js, Express.js, Rest API, MongoDB, JWT, Bcrypt, Multer*

- Built a cross-platform mobile app for students and shopkeepers to buy/sell used books with category-wise listings and "Add to Cart" using Flutter and MongoDB.
- Implemented secure JWT-based authentication, role-based registration, and password encryption with Node.js, Express.js, JWT, and bcrypt.
- Enabled profile/book image uploads with Flutter (Image Picker) and Node.js (Multer), with persistent login using SharedPreferences.
- Added multi-language support (Indian languages) and designed a responsive, user-friendly UI from Figma wireframes.

AskMyTutor App | *Flutter, figma, Node.js, Socket.IO, MongoDB, GROQ (AI)*

- Developed a real-time Q/A and collaboration app for students to ask academic questions and discuss problems in groups.
- Implemented support for text, audio, and image-based queries, with AI-powered responses using the GROQ API.
- Integrated a real-time chat system using WebSocket and Socket.IO to enable multi-user communication, collaborative discussion rooms, and persistent chat history stored in MongoDB.

Education

Bundelkhand University <i>Bachelor of Technology in Computer Science and Engineering (CGPA: 8.07 / 10)</i>	2023-2027 Jhansi, UP
--	-------------------------

Achievements

- Software App Exhibition – Showcased my Reusebook app and secured 3rd place.
- Hackhazards'25 – Participant, showcasing AskMyTutor full-stack projects
